

Solutions for the Refineries-Petrochemical Sector

Allcargo Logistics has been involved in providing equipment solutions to practically every petrochemicals project in India by supplying 200 to 750 ton heavy cranes for critical erection. In the picture above, a Liebherr LR 1750 750 ton crane is in operation for erection of a chimney in Hindustan Mittal Energy's Bhatinda Refinery Project. The same crane has erected vessels ranging from 120 ton to 260 tons.

Sector	Petrochemicals
Crane	Liebherr LR 1750 Crawler Crane
Weight	120 Ton & 260 Ton
Location	Guru Govind Singh Refinery – Bhatinda, Punjab

Cost and time savings with precise equipment solutions. That's Ingenuity In Motion. Delivered.
